Re: America can have no confidence in investigations headed by men without integrity.

Dear Devin:

How can America have any faith in you chairing the House Intelligence Committee investigation into whether Trump colluded with the Russians to win the presidency when you have now been caught twice betraying the integrity of the investigation? First, when you acted on Trump's behalf to spread the false narrative that there was "nothing to" the links between the Trump campaign and Russia. Today when you again betrayed the integrity of the investigation by taking classified information from a leaker to Trump before validating the veracity of the information with your counterparts in the committee.

Here have a tissue, wipe the rest of Trump's brown stuff off your nose.

Very truly yours,
